

COMMERCIAL VINYL

Dune Vinyl Wallpaper

Dune is a layered visual journey through painted terrain, where soft rolling forms rise and fall like desert hills or wind-sculpted landscapes. Each shape is rendered using a variety of application techniques, from criss-crossed brushwork, to paint dabs, and denim-like weaves, giving each 'dune' its own unique surface and character.

The interplay of textures – some loosely woven, others boldly tactile – creates depth and dimension, as the dunes subtly overlap and recede into a calming, rhythmic horizon. With steep and shallow contours arranged in harmony, Dune balances organic softness with artistic structure.

Whether cloaked in cool, corporate greys, earthy neutrals or vibrant multicolor medleys, the design offers versatility with a distinctive point of view. Ideal for commercial interiors seeking a refined yet artistic atmosphere, Dune will elevate lobbies, conference rooms, hospitality spaces and creative environments with a sense of grounded elegance and visual interest.
